

MEDICAL EQUIPMENT LOAN CLOSET

Brazos County District Two Volunteer Fire Department (D2VFD) has started a Medical Equipment Loan Program.

ACCEPTING: Donations for new or used Equipment: Currently we are accepting wheelchairs, walkers, crutches, bed side commodes, shower chairs and hospital beds.

PROVIDING: Equipment Loan to community members in need! These may be used for short or long term use.

It has come to our attention that many members of our community (District Two) are in need of medical devices and supplies but may not have the means to purchase them. The collected medical supplies will be stored locally and loaned out without a time designation. However, a contract will be signed by the user or family member to return the items to the organization when they are no longer in use. Items will be cleaned, sanitized and assessed for good working order.

D2VFD is a Not for Profit Organization, 501(c)4 . As such, we are looking to our community members to provide donated items to stock these needed medical supplies. We would truly appreciate your consideration in donating gently used or new supplies to the Medical Loan Closet. A donation receipt will be provided for the value of the item.

Please feel free to contact us if you have any questions or concerns as a donor or borrower Thank you in advance for your consideration and support of this service opportunity. We hope you will keep us in your prayers as we start this new outreach program in our community.
